

Certificate of Basic Professional Capabilities - 2020

Instructions to applicants:

1. This certificate can only be signed by an educational supervisor or equivalent. For the purposes of this documentation this includes experienced General Dental Practitioners, Clinical Directors, Academic Professors and anyone on the dental specialist register, with a licence to practise at the time of completion of this certificate.
2. Clinicians are only eligible to sign this certificate if they have worked with you for a minimum continuous period of three months whole-time equivalent wholly within the 2 years prior to the advertised post start date for which you are applying.
3. It will remain valid for future recruitment rounds provided the entire post was undertaken within 2 years of the intended start date
4. You must be assessed as having achieved each and every professional capability listed on this certificate. If you cannot demonstrate that you have achieved all your professional capabilities in one post, you may submit additional evidence to the signatory who, if they agree that it demonstrates capability, may accept it in lieu of direct observation. If you cannot demonstrate each and every professional capability, you will not be eligible for year 1 Dental Core Training.
5. The certificate MUST be completed in detail, including details about the person completing it for you. Incomplete certificates may lead to your application being ineligible for that recruitment round. It is strongly recommended that you check the certificate after your signatory has completed it.
6. Please see the [DCT National Recruitment Office website](#) for further information on completion of this form.
7. You must then scan, upload and attach all the pages of the certificate (preferably as one single document) to your application form before submission.

Instructions to those completing and signing the certificate:

- a. The person who has asked you to fill in this certificate has applied for Dental Core Training in the United Kingdom at DCT1 level. In order to process their application, we need to know that they have demonstrated the professional capabilities listed in this certificate on pages 2-5
- b. Please note that you must only confirm that the applicant has met the 12 professional capabilities listed below if you KNOW the applicant is capable in these areas. You do not need to have actually witnessed them all within the last 2 years. The applicant needs to have worked with you for a minimum continuous period of three months whole time equivalent, and you need to have evidence that they have maintained any professional capabilities that you have not witnessed recently. This evidence might come from your own observations, or from a dentist working as a senior trainee (i.e. ST4 level or above) who you know has witnessed the applicant demonstrate that for each of the professional capabilities, the dentist's performance (knowledge, skills and behaviours) meets or exceeds the minimum expected level of performance.
- c. The Evidence of Basic Professional Capabilities guidance document lists professional capabilities which reflect generic aspects of professional and clinical dental practice. Each professional capability has an associated list of descriptors which are indicative examples related to it. These are not exhaustive lists and alternative examples should be considered when deciding whether an individual has met or exceeded the minimum level of performance in each of the 12 professional capabilities.
- d. Please tick one of the three boxes on the right-hand side for each of the listed 12 professional capabilities (not each example of how the capability can be demonstrated).

DECLARATION

Applicant name:

Applicant Oriel PIN:

A) I confirm that I have reviewed and understand the Evidence of Basic Professional Capabilities document and the associated requirements.

B) I confirm that the applicant named above has worked for me for a minimum of three months whole time equivalent within the last 2 years.

C1) I can confirm that I have observed the applicant named above demonstrate all of the listed competences **OR**

C2) where I have not personally observed them, I have received alternative evidence that I know to be reliable from a colleague working satisfactorily as a senior trainee (i.e. at ST4 or above) or associate dentist.

NB: This form is invalid unless boxes A, B **and** either C1 **or** C2 above are checked.

About the person signing the certificate:	
Your name:	
Professional status:	
Current post:	
I confirm that I have known and worked with the applicant for a minimum of 3 continuous months (whole time equivalent)	Yes/No
