

i-PREPS :

A checklist for trainees returning to work (to discuss with supervisors)

i-	IT	Are logins and passwords still known & valid?
P	Policies	Are there any processes (such as referrals to other teams/specialties) that are new?
R	Resuscitation	Is CPR training up to date? Are there any specific clinical skills that are mandatory to your specialty practice?
E	Equipment	Has any equipment changed or been introduced? (blood gas machine etc.)
P	Prescribing	Has prescribing practice changed? Any new drugs introduced into regular practice?
S	S.O.P and Guidelines	Are there any core clinical practice guidelines that have been amended/updated?

@damian_roland (inspired by a HEEM workshop led by Dr. Caroline Brown)
