

# Foundation Job Description

<b>Foundation School (Delete as appropriate)</b>		<b>Programme No. (eg. L006 OR T102)*:</b>			
Trent		T004			
<b>Year (Delete as appropriate)</b>	<b>Specialty:</b>	<b>Subspecialty (If appropriate):</b>			
F1	Paediatrics				
<b>Site:</b>		<b>Trust:</b>			
Queen's Medical Centre		Nottingham University Hospitals NHS Trust			
<b>Main duties:</b>					
<p>This post will be based at the Nottingham Children's Hospital, which is part of Nottingham University Hospital. The Nottingham Children's Hospital is one of the largest children's hospitals in the country and offers a wide range of general and specialist services for children and young people. There are approximately 80 to over 100 Paediatric beds in addition to 14 Critical Care beds. These posts are a combination of acute paediatrics and speciality based paediatrics. We have a multidisciplinary team of nurses, teachers, dieticians, occupational therapists and physiotherapists who contribute to the education of medical students, foundation trainees, core and higher trainees.</p> <p>The Foundation trainee will be able to satisfy requirements of the Foundation Curriculum and will be supported by the trainees and consultant working on the unit. The placement offers direct supervision of clinical practice and workplace based assessments, alongside a clearly delineated role to permit the trainee to meet their Intended Learning Objectives for the Foundation programme.</p> <p>As a foundation trainee you will be based in one ward (there is an option to be allocated to the oncology ward, surgical ward, gastroenterology and respiratory) with rotations on the general acute wards (CCSU).</p> <p>During your acute weeks (usually six week period within your rotation) you will have the opportunity to assess new admissions from ED or GPs and discuss management with senior trainees or Consultants. Further acute paediatric experience can be gained during evening or weekend on calls (1:6).</p> <p>During your ward based weeks you will be responsible for the daily management of the ward patients with the senior members of the teams. This post provides the trainee with excellent opportunities to gain experience in general paediatrics and paediatric sub-specialities.</p>					
<b>Example Timetable</b>					
<b>For example: W/R (Outpatients), MDT, Meetings, X-Ray Conference etc</b>					
	<b>Mon</b>	<b>Tues</b>	<b>Weds</b>	<b>Thurs</b>	<b>Fri</b>
