<b>Main duties:</b>					
<p>Attend supervised clinics and theatres, see patients. This post will be based in Ophthalmology at Pilgrim Hospital in Boston. The department is a 6 consultant and 6 middle grade department with 2 foundation doctors. There are also 2 Specialist Nurses. It is going to move a 7 consultant and 7 middle grade department soon. Ophthalmology is mainly an outpatients based speciality with no inpatient beds. Most of the procedures are doing as day cases and so the speciality rarely has inpatients. The foundation trainee will be able to satisfy requirements of the Foundation Curriculum and will be supported by the middle grades and consultant working on the unit. The placement offers direct supervision of clinical practice and workplace based assessments, alongside a clearly delineated role to permit the trainee to meet their Intended Learning Objectives for the foundation programme.</p> <p>The department has adequate training resource with the staff very willing to help and supervise the foundation doctors. The department also has 5 consultants who are educational supervisors and 6 clinical supervisors.</p> <p>The department deals with most aspects of Ophthalmology for a district general hospital and work in conjunction with the Ophthalmology department in Lincoln. The placement involves the two foundation doctors being supernumerary in the department and being supervised at all times. The doctors will also rotate after 2 months of their 4 month placement so that they can get a flavour of all the aspects of Ophthalmology.</p> <p>The on call is a 1 in 5 on call which is shared with the 3 ENT foundation doctors to provide a 1 in 5 on call with prospective cover. The Ophthalmology on call alternates between Lincoln and Boston.</p> <p>Expected to take part in Hospital at night rota for out of hours and weekend work.</p>
